

Letter of recommendation

Stockholm, Sweden - 17th of september 2020

To whom it may concern,

My name is Marcus Norborg and I teach French, Social sciences and Music at P A Fogelströms gymnasium (PA Fågelströms High School). Over the past two years, I have had the privilege to teach Sofie Andersson (20021012-9607) in French. Sofie has time and time again proven her excellent work ethic, and, is one of those rare "straight A students."

Two examples of qualities that characterize Sofie as a student are her diligence and meticulousness. Everything Sophie has ever done in French has been both thorough and at the highest possible level in relation to the course syllabus. However, Sofie is not only a hard-working student, she is also an outgoing and pleasant person. Sofie is always positive and enthusiastic, both when collaborating with others and when given tasks that require working independently and persistently towards a specified goal. This makes Sophie an asset in class as she has a positive influence on the other students and contributes to a good general atmosphere and work ethic.

Considering the aforementioned qualities, Sophie is a person that I could highly recommend. Simply put, I am confident that she will excel in whatever she decides to do in the future and that she will also continue to be a positive force in whatever context she will find herself.
