To whom it may concern,

My name is Sofia Sandberg. I work as a secondary school teacher in English and Swedish at Njudungsgymnasiet in Vetlanda. I have had the privilege of teaching Stina Åhlund in the Swedish courses 1-3 two times a week for the last three years. Through this, I have had the honor and privilege to partake in Stina's personal and topic-related development. During these three years, she has exhibited well-developed social and analytical skills.

Concerning her knowledge and skills in the Swedish subject, Stina has excelled by performing at a high level in all written and oral assignments. She has also frequently contributed to making the educational environment inspiring and positive for herself and the group and always dedicates to doing her best. She is skilled at facing new challenges with positive thinking and has a strong sense of ethos.

I therefore strongly recommend Stina as a scholarship student. I am confident she will make positive and strong impressions as she takes on new challenges and tasks. She is warm, compassionate, and kind-hearted and can engage herself and others in achieving positive change. Thus, I am confident that she is well-suited and well-prepared for further studies in the future.

Kind regards,

Sofia Sandberg
