

**WESTERLUNDSKA
GYMNASIET**

Enköping, Sweden 25th of January 2023

Letter of recommendation

To whom it may concern,

My name is Isabelle Nehler and I teach Physical Education and health at Westerlundska gymnasium, Sweden. I have had the privilege to teach Lisa Andersson Faber (050222-3621) in Physical education and health for the last two years. I have also had the opportunity to follow her performance and progress as a soccer player because she has attended our National Sports Educations program (soccer) Westerlundska gymnasium. Lisa has combined this program with her studies in Natural Science which is one of the toughest programs to attend in Swedish upper secondary school.

Lisa is an interested, hardworking student that shows ambition and respect towards other students and her teachers. Lisa is determined both regarding her studies and her sports and she does not leave anything undone. She is always on time and know what is expected of her. Regarding school performance she sets high goals, and her assessment and results shows that she reaches her goals. She is a student that takes a huge responsibility in group assignments and is a good leader. Lisa easily adapts to new social contexts, and she is a good friend that has no problem collaborating with others. All this together makes her an exceptional student in my opinion

Lisa is always positive and engaged, she takes initiatives and is a social person. Her drive to succeed is one of a kind and that is shown both in school, her sports and that she also takes on jobs in her spare time.

Lisa's strong will to do her best combined with her social as well as analytical skills makes me confident that she will be well suited and prepared for further studies and challenges further on. I highly recommend Lisa for studies abroad and think that she will be an asset both as a student, soccer player and teammate.

Isabelle Nehler

Teacher in Physical education and health at Westerlundska gymnasium, Sweden
