Dear Sir or Madam

Object: Student's assessment

To whom it may concern

My name is Maria Johnsson and I teach business administration and social studies at Borgarskolan in Gävle, Sweden. I have been a high school teacher since 2004 so I have almost twenty years of experience and I have met many students through the years.

Filippa Andersson is a student in one of my classes and this is the second year I teach her in business administration. I usually have classes with her two to three times per week. I can confirm that she is an ambitious and a hard-working student who always deliver good results. She cooperates well with others.

I would say that Filippa is a dedicated student, and she is for example, always on time for lessons and committed to her studies. When the students have deadlines concerning schoolwork she always submits on time. I certify that she takes school seriously and does her tasks in the various subjects with commitment. She also shows big interest in different fields, and she is active during the lessons.

I can highly recommend Filippa for advanced studies and other missions after high school/upper secondary school.

Best regards,

Maria Johnsson
