

Polhemsgymnasiet

Gothenburg, Sweden 22 August 2023

### **Letter of recommendation**

To whom it may concern,

I am pleased to write a letter of recommendation for Nina Hertz Saebbö who has been a student of mine here at Polhemsgymnasiet, Gothenburg. Nina has been in my English class since she started here in August 2020. I was also her mentor for 2 years.

During her years here Nina has proved to be ambitious, humble and a positive influence on her fellow classmates. One of Nina's strengths is her ability to cooperate and collaborate with other students in projects to achieve the best possible result. She is also full of initiative and can solve tasks independently and creatively. Last year Nina took a class in advanced English (C1-level according to the CEFR) which prepared her well for studies abroad. She also studied marketing and entrepreneurship as a part of our Business programme.

All in all, Nina is an ambitious, warm and diligent student. She has proved herself to always be reliable, driven and socially skilled. After her graduation from Polhemsgymnasiet this June we were all sad to see her leave. Hence, I give her my warmest recommendations and hope that you will consider her application strongly.

Yours sincerely,

Anna Maria Olsson, teacher of English at Polhemsgymnasiet  
Gothenburg
