To whom it may concern,

Over the past three years, I have had the privilege of getting to know Alice Hell Johansson not only as a student in my Science classes, but also in my role as mentor at Uddevalla Upper Secondary School. It has been a pleasant time!

At Uddevalla Upper Secondary School Alice has met high demands since her studies have included a broad range of subjects. She has at the same time pursued her career in sports and has been a great asset in her class. Over the years, Alice has impressed with her ability across all subjects. Despite the busy schedule, Alice has the ability to balance her time and has come to school with a smile on her face. Alice is a polite and ambitious student.

While a student at Uddevalla Secondary School, Alice has been an active participant in class discussions. She has come prepared for all types of learning situations. She grasps material and instructions quickly and has taken responsibility for her school work and has been a supportive friend to her classmates.

Alice contributes with a lot of good energy and she would bring this to your university. She is a lovely student and person. If you have any questions regarding her qualifications, please feel free to contact me at anna.benholm@uddevalla.se

Sincerely,

Anna Benholm
