

Letter of recommendation for Ebba Melin

To whomever it may concern

I would hereby like to issue my most heartfelt recommendations for Ebba Melin. I have, at the time of writing, been miss Melin's teacher for 18 months in the subjects of History and Swedish and I have found her to be a studious and academically gifted student. She is motivated and driven and has been gifted with a keen and curious mindset. Whenever there is a challenge, she is quick to rise to the occasion and she continuously chooses to apply herself to learning in general.

As a person, miss Melin is polite and kind. She isn't afraid to speak her mind but does so in a respectful manner. She is an outstanding student and a credit to our school. Miss Melin would be a great addition to any institute of higher education, and I recommend her without reservation.

If you need any more information, feel free to contact me via email.

A handwritten signature in black ink, appearing to read 'Rasmus Wahlman', written in a cursive style.
