## To whom it may concern

It is a pleasure to write a letter of recommendation for Hanna Karlsson. I have tutored Hanna for the last year, in my capacity as an English teacher at Aspero Idrottsgymnasium in Halmstad, Sweden. Through my observation, I would like to say that Hanna is diligent and focused on studies and has a very positive attitude toward studying.

Throughout this year that I have tutored Hanna, she has shown that she is very proactive in completing all of her schoolwork. Hanna always makes sure that everything is completed in a timely manner and with the best quality that she can deliver. Being Hanna's English teacher for a year, I have been able to gauge her strengths and potential.

Hanna is very mature and sensible. I firmly believe that she will succeed in whatever endeavours she may have in the future. I wholeheartedly recommend Hanna for admission.

Sincerely,

*Maria Rosell Bondesson*
