College Recommendation Letter

To Whom This May Concern,

My name is Jan Wermelin and proud to offer my recommendation of Ella Green to whom I have personally known for two years as the Student's teacher in Math at JGY Wargentin School.

During my relationship with Ella i have experienced an individual who always are in time, take her schoolworks serius and behave in a polite, respectable manner. In addition, Ella is also a good representative from our school and region If you have any requests or questions do not hesitate to contact me. Best,
