To whom it may concern,

My name is Pernilla Hammarström and I am a teacher at Rudbeck School in Sollentuna, Sweden, where Alvah Lind, the applicant to your education this letter of recommendation concerns, is a senior student. In June she has been a student at Rudbeck for three years, between 2021 and 2024. During this time period I have been mentor to Alvah, which means I have gotten to know her rather well; both as a human being and as a student, since I have been privy to all of her academic achievements in my role as a mentor.

Alvah is dedicated to subjects she is interested in and puts a lot of effort into them academically in order to achieve her goals. Alvah is a committed student and she combines her studies with an immense advanced track and field practice without it having an impact on her school attendance.

Alvah is neither shy nor afraid to raise questions or share her point of view without ever being disrespectful and therefore she continuously contributes in ongoing dialogues both in and outside of classrooms. Alvah works well both independently and cooperatively and is dedicated to meet set deadlines.

Alvah is a very agreeable and professional young individual who will be a success in any environment that provides her the opportunity to demonstrate her abilities. Alvah is also a supportive friend and has a great sense of humor. I would highly recommend Alvah in any situation and wish her the best of luck in her future endeavors and hope to cross paths again. If there are any questions please do not hesitate to contact me.
